

*Private and spacious...*

Las Colinas is pleased to announce the expansion of its Women's Services floor. The expansion includes a VIP suite for post-partum mothers.

The 700 sq ft suite includes a private room for the mother with a private bathroom, and a living area, which includes a kitchenette, for the attentive father and family members.

*Room for one more...*

*Quiet, comfortable, and spacious – what every mother needs after going birth! The mother's room is separate from the living area to allow you to relax, and a glider stands nearby for rocking your newborn. A pair of glass doors close the space between the two rooms of the suite for extra privacy and rest.*

*Modern amenities...*

*For your family, a spacious living room allows everyone to feel at ease and be near you without overcrowding your room. Both the living room and the mother's room have separate flat screen televisions for entertainment, plus access to wireless internet. For Dad, a Murphy bed is ready for his stay with Mom.*

*Hospitality of home...*

*All rooms are furnished with hardwood flooring and decorated with a contemporary flair. A kitchenette is available for those who need one. The location of the suite assures everyone that the nurses are never far away, as help is always available.*

*Spa-like atmosphere...*

*An expanded bathroom ensures plenty of luxurious space for you and your guests, with a frosted glass shower stall, marble counterspace, and modern hardware, including a bidet.*
